## **Disabling and Enabling Control Panel Instances**

The disabled Instance will not be replicated at the scheduled time. However, the Instance remains in the list and can be enabled again for replication.

🖯 Tip

You can disable the Control Panels Instance in the "Edit Control Panels Instance" window. See Editing Control Panel Instances.

Follow the instructions below to disable Instances in the "Control Panels" tab of the Policy.

1. Click on "Policy" in the Main Menu to access the "Policies" page.

2. Find the necessary Policy in the "Policies" list and click on the "Edit" icon in the "Actions" column for this Policy.
