

## Returning Unused License

In CDP, it is possible to return unused license to the pool. Follow the instructions below.

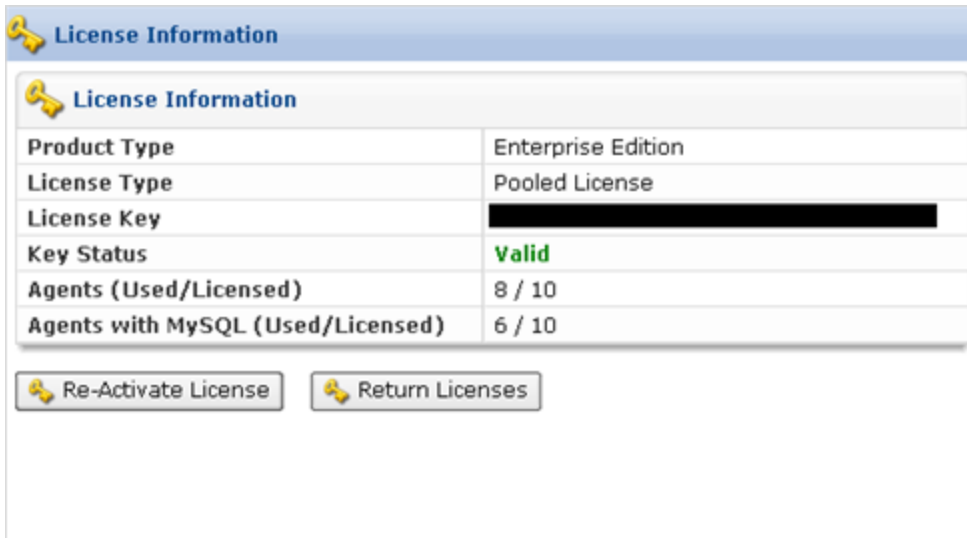

1. Click on "Configuration" in the Main Menu to open the "Configuration" window.

2. In the "Configuration" menu, click on "Accessing License Information."

3. The "License Information" window opens.

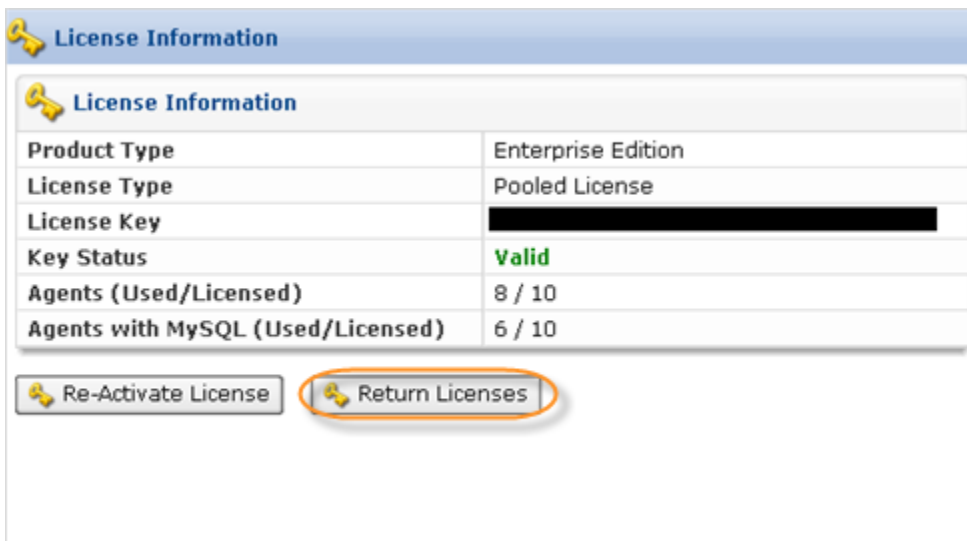

The screenshot shows a window titled "License Information" with a key icon. Inside, there is a table with the following data:

Product Type	Enterprise Edition
License Type	Pooled License
License Key	[Redacted]
Key Status	Valid
Agents (Used/Licensed)	8 / 10
Agents with MySQL (Used/Licensed)	6 / 10

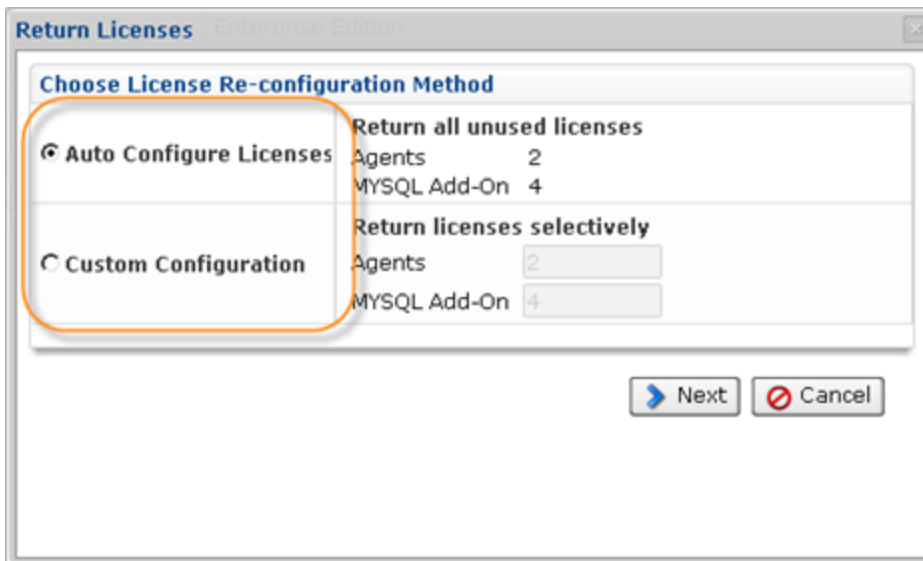

Below the table are two buttons: "Re-Activate License" and "Return Licenses".

4. Click "Return Licenses"

This screenshot is identical to the previous one, but the "Return Licenses" button is highlighted with an orange oval, indicating it should be clicked.

5. In the opened window you can select to return all licenses that are unused at the moment, or you can choose the licenses to return.

Click "Next" to proceed.

6. You will see all the licenses you are about to return. Click "OK" to confirm.
